Critical Reaction to *Mom's Cancer*:

“...Wry and poignant, *Mom's Cancer* expresses the schizophrenic reality of dealing with a serious illness.”

— *Entertainment Weekly*

“The stark black-and-white drawings, with the occasional burst of color, convey the drama of a family battling the fear and uncertainty of cancer treatment, and the illustrations help explain technical matters ... that might make readers' eyes glaze over in traditional text-only format.”

— *Wall Street Journal*

“*Mom's Cancer* is a quiet, courageous account of one family's response to a universal situation.”

— *Publishers Weekly*
